

## FEELING OVERWHELMED?

Most Americans are fed up! Our freedoms and commerce are being attacked by big government. Our politicians must change what they are doing or America will die.

### PROMISES, PROMISES!

Both major political parties promise nearly everything to get their candidate elected.

#### But have they:

- Protected your rights?
- Reduced government?
- Controlled Spending?
- Paid off the debt?
- Followed the Constitution?

### WHY DO WE ALLOW IT?

## SO WHAT DO WE DO?

The Hayden Area Tea Party is proud to present a program that all patriots will appreciate attending:

**“THREATS TO OUR REPUBLIC  
AND WHAT WE CAN DO ABOUT THEM”**

William F. Jasper is Senior Editor of *The New American* magazine. For more than three decades, he has had a stellar reputation of exposing the truth and the agenda behind the attacks on American liberty.
